

For Immediate Release

Stan Group Introduces Latest Property Project: THE WAVE

New development set to revitalise Kowloon East

(10 January 2016, Hong Kong) Stan Group (Holdings) Limited ("Stan Group") is pleased to introduce THE WAVE at Kwun Tong, a large-scale, mixed-use development located at 4 Hing Yip Street. It is scheduled to open in mid-2016.

THE WAVE will be situated in the centre of Kwun Tong in Kowloon East, a decentralised business district with many new office developments. It will have a gross floor area of approximately 100,000 square feet and feature a retail mall, restaurants and service-based co-working spaces.

Additionally, THE WAVE will enjoy excellent transport connections thanks to its proximity to the Kwun Tong MTR station. The project is poised to become a landmark development in the area, bringing fresh excitement to the local retail, dining and entertainment scene.

Stan Tang, Chairman of Stan Group and CEO of THE WAVE, said, "We are very proud to introduce the official name for our first project in Kwun Tong. It is being built in an incredibly vibrant part of Kowloon East. We intend to make it a spectacular addition to the area, and I am confident that THE WAVE will become a popular integrated business and lifestyle destination."
